

New York Table Tennis League #10

Editorial

Chris, Harvey and Marcos

The NYTTTL closing ceremony, held in Passaic Club NJ, was great and cheerful. Also, we played a double elimination tournament (2 out of 3 games) with an electrifying final.

I feel we've created a precedent in Club Leagues competition in US. From point of view of marketing, TT leagues system in US has a huge disadvantage compared to other countries however the NYTTTL as a product has grown-up and matured. This league has not an end; it means club teams keep playing each year. Organization is the key to avoid that some teams get tired and quit. League teams have the difficulty to get enough support to players for long competitions that's the reason to make annual club leagues is the better option, so that teams have time to include players in their teams.

Great Final: Chris was inspired and in the finals he faced a great challenge, he had to beat twice to Harvey.... And he did it, with a great last point he did the impossible.
