Neither the weather nor the traffic was able to stop the NYTTL. One more time we had a great night. This time was at NYTTF where Paradise played against Passaic and NYTTF teams. Every match was cheering by their teammates. Even players without knowledge about the league got interested. One of them said: "...this competition makes you feel as a part of something ...", which is our thought, players representing their Clubs like any other professional sport.

The Great NYTTF team: This team has a great combination of talent and power. Some promising players such as : Joel Liu, who has a powerful forehand and great footwork in the short distance. He did a great match to Sergio and overcame from 0/2 to win 3/2. Other interesting quality is, he is able to follow the coaching and advices from their teammates, which is a uncommon characteristic in the aggressive players.
