NYTTF vs DA at DA on 10-29-09 7:30 pm (To be confirmed)

ITTC is leading the competition with only one match lost, followed by Passaic with two loses. On this Friday both teams will play for the championship to be the best and strongest club in the East Coast of US. One good player does not make a club, not even 100 good players with out organization, only a group organized of players with a common goal, which is the practice and promotion of the Table Tennis is a real TT club and the best way to find in the East Coast is through the NYTTL.

US. I am very happy of completing this third season of the league; I wish I had statistics about number of players, matches or miles traveled for every team. But I have very good memories, about all matches we played, and all sort of situations from sickness to job problems, that every team had to overcome in order to play every matches. Also, the league was the best way of creating a goal for club members, for those players that were lucky enough of playing leagues in the past, this league was a great opportunity of exchanging experiences in this also multicultural competition.

unica liga de clubes de USA. Estoy contento y aliviado de llegar al final, pues ha sido un gran trabajo, tanto para directores, jugadores y todos en general. No tengo estadísticas de partidos jugados, número de jugadores o millas viajadas. Pero si nos quedan Buenos recuerdos de los partidos jugados y de todas las situaciones que tuvieron que ser superadas por los jugadores, desde enfermedad hasta problemas de trabajo. Se puede decir que la liga fue una gran forma de crear una meta en comun para jugadores de un mismo club y para aquellos veteranos de ligas, una gran forma de recordar el pasado e intercambiar experiencias en esta liga multicultural.
