

Issue: # 2

February 2015

Greetings!

As you know, during this year, one important modification in the league is that we will play only once a month, from March to November. Only few clubs will be able of hosting the matches, those clubs are known as Center of Matches in the NYTTL. They fulfill some basic requirements; having at least 4 tables with enough room for pro matches are the basic elements for being chosen.

Two of the most important clubs have confirmed their participation and to host the matches, they are:

[Lily Yip TTC](#) and [New York Indoor Sport Club](#)

Once again, both clubs with the strongest players in the region and top of the line facilities in the whole continent are in the league.

I'm still in the process of contacting the [New Jersey Table Tennis Club](#) in Westfield, NJ and [Westchester Table Tennis Center](#) in NY and the famous [Nison Aronov Table Tennis Academy](#) which also fit the requirements for hosting matches.

Also over 20 clubs and places where Table Tennis is practiced in NY, NJ have been contacted. So far : [Wang Chen Table Tennis Club](#) is confirmed and most likely [The American Asian Cultural Center of Tribeca](#).

Last weekend I visited many clubs from Westfield to Flushing: Chinese, Americans, Koreans, etc. All informed about the league. I hope to have many teams for having a great event for all the players.

Top 12 Matches in the History of the NYTTL

Most of the matches are memorables, some are only for the players, but other have an special significance. So I decided to review the top matches in the history of the league.

#1 Dora Vs Judy

This was the final between Spin NY and Lily Yip TTC. This match is the definition of a tight match between both teams, but also from the technical point of view. Dora did three movements of Crossover Footwork when the score was 10-9, and she was coming back using a backhand topspin. This is amazingly difficult particular in a Final. But also Judy blocked with contra topspin, the sequence is amazing.

Sign on in the League

Proudly representing your club

This year we have many divisions , even the new Cadets Division for kids under 15 years old. Any level is included. Teams of 3 players each time, but the number recommended is at least 8 per team. All the 8 players should compete for one spot of their team (highly recommended) and 4 players should attend to the match, one players as reserve in case someone is missing or injure during the event.

Donde están los Dominicanos?

Basic Regulations

Updating the League guidelines

After one year of recess, all clubs are allowed to include any player without the transfer fee. Also a fee of \$200 per team (8 players recommended per team), and we will meet once a month in the top clubs of NJ and NY to play matches. Each time , players should pay \$8 to the club which is hosting the event. Remember to wear same t-shirts and having enough t-shirts for changing during the match. The matches are 5 out 9 and we will have a round robin event (some cases two round robin events, depending of the number of teams in the division). Two top teams in highest division will play against the top 2 teams of the Capital Area League (Maryland) for the 2 spots to the Nationals 2015 in Vegas.

Estimados Anyteme, espero que esta vez participen en la liga, esperamos ver a los famosos : Raymundo, Maximo, Alexis, Frank y tantos otros incluidos el legendario Carlos Sosa de Cuba. Asi que traten de ponerse de acuerdo e inscribirse en la liga 2015. Incluso el Video de la liga tiene Palos Dominicanos.

Sosa

About Us

We are a Club League, which is focused on Table Tennis as a social sport, at least social for me is playing my sport, having dinner after the match with my friends from my team.
